Triad Offers Full Legal DVD Services

Imagine your video depositions and audio/visual evidence presented on an **easy to navigate** format that provides the **highest possible quality**.

Imagine having convenient **chapter points** throughout your evidence so you can skip over objections with the click of a button or return to the same point repeatedly.

Imagine **crystal clear pausing** and **slow-motion playback**.

Imagine **never** having to fast forward or rewind a videotape again, or rifle through pictures and documents to find your evidence.

Think you're in heaven?

No, you had Triad Communications create a **DVD** with your audio/visual evidence.

EXPERTS
SINCE 1976**

Triad has the DVD and CD-ROM Capabilities to Suit Every Need

The possibilities for the use of DVD and CD-ROM technology in legal applications are endless:

- Place **several video clips** onto one DVD for easy access.
- Transfer a **video deposition** onto DVD with **chapter points** at objections or at evidence introductions for easy navigation.
- Go directly to **any point** on the DVD with **no rewinding or fast-forwarding**.
- Audio and/or Video evidence can be viewed or heard at **several slow-motion speeds** on DVD, and when paused the image is almost as **clear as a photo**.
- Scan hundreds of **pictures and documents** onto a DVD or CD-ROM and easily navigate them with the TRIAD photo viewer.
- Capability to **zoom in** on areas of the on-screen image for closer scrutiny.
